

Neutron & Synchrotron Radiation for Science & Technology Symposium 13-14 December 2021

13th December

09:20 CET: **Prof. Winfried Petry**, TU-München, Germany

“Excellent European Neutron Sources, from the past to the future”

10:15 CET: **Prof. Adrian Rennie**, Uppsala Univ., Sweden

“Probing interfaces - exploiting the special contrasts with neutrons and tuning the depth of studies”

11:15 CET: Presentations by Young Researchers of MaMi Network (part I)

12:15 CET: **Prof. Hanna Isaksson**, Lund Univ. Sweden

“Use of neutron and synchrotron radiation in biomedical Engineering”

14:00 CET: Presentations by Young Researchers of MaMi Network (part II)

14th December

09:15 CET: **Dr. Michèle Sauvage**, Synchrotron SOLEIL, France

“From LURE to SOLEIL: a multidisciplinary synchrotron radiation users community”

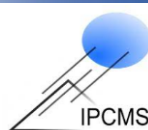

10:15 CET: **Dr. Vincent Fernandez**, ESRF, France

“Imaging of natural and cultural heritage specimens using synchrotron X-ray Computed Tomography”

11:15 CET: Presentations by Young Researchers of MaMi Network (part I)

14:00 CET: Presentations by Young Researchers of MaMi Network (part II)

SCIENTIFIC ORGANIZERS : LAURENCE NOIREZ & BERNARD DOUDIN

ONLINE MEETING – PLEASE REGISTER VIA [LINK](#)
